DIVERSITY POLICIES AND EFFORTS QUESTIONNAIRE

IF ANY QUESTION HAS A “NON-APPLICABLE” ANSWER, PLEASE EXPLAIN WHY.

- (1) Please provide a brief description of the services and functions provided by your department.

*Sacramento County Department of Technology is the Information Technology service provider for all Sacramento County departments. These services include applications development and support, the County Enterprise Resource Planning (ERP), email, network, storage, public safety radio system, 311 call center, and **desktop** support.*

- (2) Please describe your department’s selection and hiring procedures and how they help ensure a workforce representative of Sacramento County. (Include, if applicable, hiring interview procedures & policies; internships; education & training opportunities; training & develop assignments, etc);

The Department of Technology uses standard hiring processes established by the County Department of Personnel Services. Positions are announced publicly and within the department, applicants can submit their applications online and the Department of Personnel Services creates the lists of eligible candidates for use by the Department of Technology.

Department of Technology managers request authorization to fill vacant positions from the Chief Information Officer justifying each request to hire. Once the request is approved, it’s announced in the Department weekly news, and forwarded to the Department of Personnel Services to provide the list of eligible candidates. The hiring manager selects an interview panel and conducts the interviews. Once the panel completes the interviews, the panel recommendation for hire is sent to the Chief Information Officer for review and approval.

- (3) Please describe what recruiting and/or informational events your department has participated in and how they help to ensure a workforce representative of Sacramento County. (Include, if applicable, high school or college job fairs, high school or college programs, church events, or community events.

The Department of Technology has participated in the County Annual Job Fair and works closely with local colleges and Computer science clubs on recruiting student interns utilizing a contract with University Enterprises. The Department of Technology employed 13 student interns in 2022 and some have accepted permanent County jobs upon graduation.

- (4) Please describe all websites your department advertises its job vacancies to help ensure a workforce representative of Sacramento County.

We have used the County website to promote job openings and also advertised on Monster.com, Facebook, Dice and other IT recruitment websites.

- (5) Please describe your department's promotion and career advancement procedures designed to enable all employees to have an equal and fair opportunity to compete for and attain County Promotional opportunities. (Include, if applicable, mentoring, career development activities, etc.)

The Department of Technology proactively plans for staff training and development. All the managers, Division Chiefs and Chief Information Officer have risen through the ranks of the department. In the past year, the Department created a new Information Technology Analyst level III and IT Supervisor positions to create additional promotional opportunities for staff. Most of the staff that were promoted to these new positions are current County employees.

To ensure fairness in promotional opportunities, the Department of Technology has developed a robust hiring process to ensure a fair opportunity is provided to every candidate. All interviews have a panel of three senior staff, who work collaboratively to choose the most qualified candidate for the job.

- (6) Please describe how the County's Equal Employment Opportunity program objectives are incorporated into your department's strategic and operational priorities.

The County's Equal Employment Opportunity program provides the basis for the Department's hiring practices. The Department of Technology adheres to the County's personnel policies and procedures regarding employment. By applying equal employment opportunity principles in our hiring and selection processes, providing equal access to training and career development opportunities, and by providing services to all persons, staff, clients, and others, without regard to race, color, sex, sexual orientation, religion, ancestry, medical condition, national origin, age, disability, or political affiliation, the Department of Technology adheres to the County's equal employment opportunity objectives.

- (7) Please describe your department's method to ensure its EEO activities and efforts result in service delivery across all sectors of the community (e.g., systems or processes for communication between County agencies and direct contact with community organizations, etc)

The Department of Technology is Sacramento County's main provider of information technology and telecommunications services. Our primary constituents are other County departments as well as providing 3-1-1 Connect services for County of Sacramento constituents in the unincorporated areas. As part of the services the Department of Technology provides, the department manages the internet portal and aims to offer citizen-centric services through the Internet. Under the authority and direction of the Chief Information Officer, the Department of Technology has assumed the role of coordinating and integrating existing web-based service delivery entities and providers within the Sacramento County portal. This coordination has helped drive the creation of a unified website for the County of Sacramento—a one-stop source for access to a diverse array of e-Government services including, but not limited to, the following on-line transactions and citizen accessible services:

- *Countywide Internet web portal*
- *SacCounty News - Press releases, current events, and breaking news*
- *SacCountyTV – live streaming of government programming on Metro Cable Channel 14*
- *Board of Supervisors – online agendas, action summaries, meeting materials, live streaming meetings and public comment call-in functions*
- *e-PropTax, e-FBN & Record Search – online property tax records, fictitious business names search & online Clerk/Recorder record search*
- *Restaurant and food facility inspection reports*
- *County Events Calendar*
- *Online Payments*
- *Planning Projects Viewer*
- *A-Z County Services*
- *24/7 365 3-1-1 Connect Live Agent*
- *Online/Mobile Requests for County Services*
- *Retirement - on-line retirement planning benefit calculator*
- *Polling Place Look-up and Spanish Language Voting Information and materials*
- *Online submission of job applications and supplements*
- *Searchable County Code, County budget, code enforcement, forms, and documents*
- *Contracting and Bid opportunities and results*

(8) For complaints reported in Table 4, if there were any with a finding of *Violation of County Policy*, for each category of complaints (i.e. race, gender, age, etc.) please provide a description of the measures taken to prevent recurrences. Please do not provide specifics regarding the case(s), individual(s) involved, or corrective/disciplinary action taken.
